Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Instructor reflection, formal and informal student feedback

Feedback

Enhance the clarity and detail of the Assessment 1 and 2 rubrics to better communicate expectations to students

Recommendation

It is recommended that additional detail be incorporated into the Assessment 1 and 2 rubrics to improve understanding of expectations around task requirements and help students better understand how their work will be evaluated.

Feedback from Formal student SUTE feedback

Feedback

Increase the explicit connection between clinical topics and their real-world application to help students better understand their relevance to professional practice

Recommendation

It is recommended that the real-world relevance of clinical topics be made more explicit within the unit content and assessment tasks to strengthen the connection between theory and professional practice.
